

# “A” – PowerPole Bag (1)

<https://powerwerx.com/powerpolebag-tricrimp-powerpole-case-gear-bag>

Quality PowerPole crimping tool and PowerPole connectors in nylon bag. One to be awarded.

# “B” – QDX Kit (2)

<http://shop.qrp-labs.com/transceivers/qdx>

The "QDX" (**Q**RP Labs **D**igital **X**cvr): a feature-packed, high performance, five-band (80, 60, 40, 30, 20m) or (20, 17, 15, 12, 11 and 10m) 5W Digi-modes transceiver kit, including embedded SDR receiver, 24-bit 48 ksps USB sound card, CAT control, synthesized VFO with TCXO reference. QDX transmits a SINGLE SIGNAL, it is not an SSB modulator with associated unwanted sideband and residual carrier, or intermodulation due to amplifier non-linearity. QDX outputs a pure single signal.

One QDX 80-20M(80, 60, 40, 30, 20m) , QRP digital transceiver kit with case, cord & QRP dummy load

and

One QDX 20-10M (20, 17, 15, 12, 11 and 10m), QRP digital transceiver kit with case, cord & QRP dummy load

“C” – EggNOGS ant. kit (2)

<https://electronics.halibut.com/product/eggnogs/>

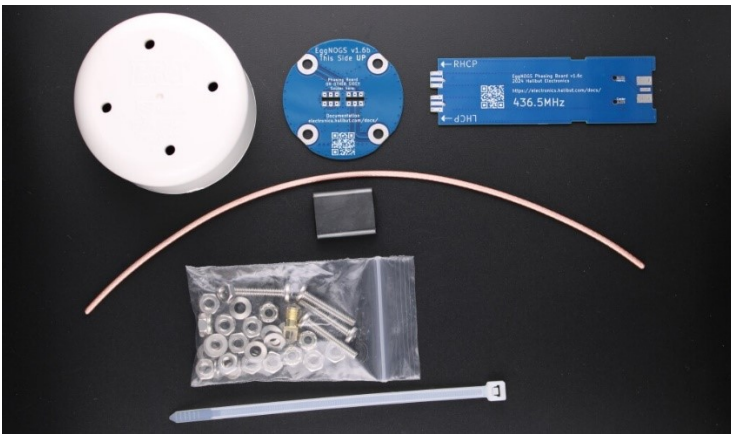

EggNOGS 2m eggbeater antenna kit - Ham Satellite ops

EggNOGS is a kit that helps you build an [Egg Beater](#) antenna, for working and listening to satellites such as on the [SatNOGS](#) network. Hence: EggNOGS.

(EggNOGS will actually work with any quadrature-fed antenna, and any radio systems (including low power transmitters), not just Egg Beaters and SatNOGS.)

EggNOGS comes with all the parts that are not easily available from your local hardware store, including a band-specific Phasing Board that performs the 90 degree phase shift.

Two kits to be awarded.

## “D” – Choke Test Kit (2)

<https://electronics.halibut.com/product/common-mode-current-choke-test-rig/>

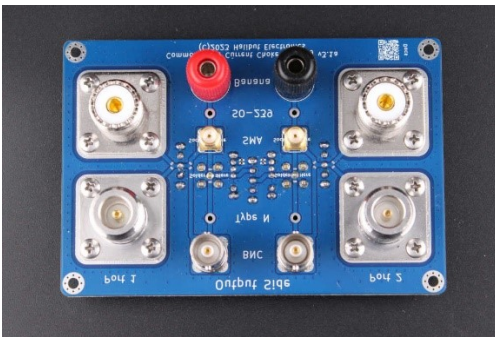

Current Choke Test Rig

Designed for measuring the effectiveness of common mode current chokes, this test rig diverts the signal

being measured by a VNA (Nano- or otherwise) to the SHIELD of a coax cable. Works on cables with a variety of connectors: PL-259, N, BNC, or SMA. Non-coaxial cables (eg: power cords) can be measured using the banana plugs.

This product is a kit that requires assembly by the user.

Two kits to be awarded.

## “E” – N3FJP logging (1)

<https://www.n3fjp.com/>

Amateur Contact Log is an easy to use general logging program that has many great features including tracking of worked all states, counties and countries. The rest of N3FJP's programs are easy to use "contest specific" applications. Excellent feature sets.

N3FJP contact logging and contest logging software.  
\$40 gift certificate. One to be awarded.

## “F” – 3 Al Project Boxes (3)

<https://www.hammfg.com/electronics/small-case/diecast/1590>

Set of three Hammond 1590GBH diecast project boxes  
Three sets (of 3 boxes) to be awarded.

## “G” – Mastrant rope (3)

<https://www.mastrant.com/>

Everything You Need for Antenna Guying

Mastrant specialize in products and advice on guying and truss support of antennas and other structures. Our main products are optimized synthetic ropes designed for outdoor use and appropriate accessories. Guying mast clamps and all of the ropes are made in the Czech Republic.

Mastrant \$20 gift certificate – for antenna guying products. Three to be awarded.

## “H” DigiRig interfaces– (4)

<https://digirig.net/>

Digirig is an open-source integrated digital modes interface for amateur radio. Interfaces and cables.

Four \$100 gift certificates to be awarded.

# “I” QRZ subscription – (4)

<https://shop.qrz.com/collections/subscriptions>

Call Sign Database and Logbook

Premium Subscriber Package

Includes the popular XML Data package, and the option to turn banner advertising on or off at your leisure. XML + Ad-Free

Four to be awarded.

### Advanced Database Search

Lookup:  Search

Type: by Callsign [Search help...](#)

There are several ways to search the QRZ database. Choose **Type** above to change the type of search.

The available search types are:

- **By Callsign** - search for a specific callsign. Can use \* to search for prefixes or suffixes. For example, **W1\*** finds all W1 calls. **\*XX** finds all calls ending in **XX**
- **By Name/Address** - Type in a name or part of a name, street, city, etc., to search the address records
- **In Biography** - Type in one or more keywords to search all biography pages. For example, **KENWOOD** finds all bios that mention **Kenwood**. Upper/lower case
- **By County** - Type in the name of a USA county
- **By Grid** - Type in all or part of a Grid Square locator
- **By DXCC** - Choose this option then hit Search to get a country list (non-USA only).
